Building 106 · Fort Apache Historic Park

Field Trips with a Purpose

At STEAMSPACE, students build hands-on projects tied to their grade-level Arizona standards while being introduced to new experiences and possible lifelong interests — laser cutting and engraving, 3D design and printing, electronic circuits, micro:bit and VEX robotics, and other making at Building 106 on the Fort Apache Historic Park.

Planning a Hands-on Field Trip

Choose a Field Trip Project

Pick a grade-level project designed for your class, or other grade-level project on the website.

Schedule Your Trip

Trips run Tuesdays and Thursdays. Check the calendar and send the Field Trip Interest Form online.

Contact Us and Confirm

Finalize timing, museum visit options, and arrival details.

Before you visit

Optional Field Trip Prep — a short interest inventory for students. Helpful if you have time, never required.

2nd–6th Grade

Field Trip Projects

Each project is designed for a grade band and tied to Arizona standards. More projects coming soon.

COMING SOON

New projects include Air-Powered Rockets, Laser-cut Key Chains, and 3D printing.

Why making?

Hands-on Science, Technology, Engineering, Arts, and Math can spark interests students carry into future classes and careers.

Teachers

Quick Answers

What to know before you bring a class.

What grades can attend?

Hands-on projects for 2nd–6th grade. 2nd LEGO Paper Building, 3rd Paper Circuits, 4th Laser-Cut Boxes, 5th micro:bit, 6th Puzzle Design.

How long is a typical trip?

3–4 hours on Tuesdays and Thursdays during the school year.

How many students can attend?

Projects are designed for groups of 20 or fewer. Larger classes can rotate.

Are chaperones required?

Yes. We recommend at least one adult per 10 students. Schools provide permission slips, transportation, and supervision.

What should students bring?

A signed permission slip, a water bottle, and a sack lunch if staying through lunch. We provide all project materials.

How do we schedule a trip to the museum?

Let us know on the Field Trip Interest Form and we will inform the Apache Cultural Center approximately what time and how many students are coming.

How do I schedule?

Go to steamspace.vercel.app, choose a project, then send the Field Trip Interest Form. We follow up to confirm.

“The best moments usually occur when a person's body or mind is stretched to its limits in a voluntary effort to accomplish something difficult and worthwhile.”

Mihaly Csikszentmihalyi
