

For Teachers

## Plan Your Visit

Bring a class to Building 106 for a hands-on field trip tied to Arizona grade-level standards.

### Tue & Thu

During the school year

### 3–4 hours

Typical field trip

### 20 students

Split larger classes

### 1 adult / 10

Chaperones required

### Schools provide

- Signed permission slips
- Transportation
- Sack lunch if staying through lunch
- Weather-appropriate clothing

### STEAMSPACE provides

- All project materials and tools
- Grade-level making, coding, and design
- Optional Apache Cultural Center and Museum time
- Optional Field Trip Prep interest inventory

Making at Building 106  
FORT APACHE HISTORIC PARK

Book a Field Trip

## Ready for your class?

Choose a project, pick a Tuesday or Thursday, and confirm arrival details with our team.

### • Choose a grade-level project

2nd LEGO Paper Building · 3rd Paper Circuits · 4th Laser-Cut Boxes · 5th micro:bit Games · 6th Puzzle Design

### • Schedule your trip

Check open dates and send the Field Trip Interest Form.

### • Confirm with our team

Finalize timing, museum visit options, and arrival.

Building 106 · Fort Apache Historic Park

## Field Trips with a Purpose

At STEAMSPACE, students build hands-on projects tied to their grade-level Arizona standards while being introduced to new experiences and possible lifelong interests — laser cutting and engraving, 3D design and printing, electronic circuits, micro:bit and VEX robotics, and other making at Building 106 on the Fort Apache Historic Park.

## Planning a Hands-on Field Trip

### Choose a Field Trip Project

Pick a grade-level project designed for your class.

### Schedule Your Trip

Trips run Tuesdays and Thursdays. Check the calendar and submit the interest form.

### Contact Us and Confirm

Finalize timing, museum visit options, and arrival details.

## Before you visit

Optional Field Trip Prep — a short interest inventory for students. Helpful if you have time, never required.

[steamspace.vercel.app](https://steamspace.vercel.app)

2nd–6th Grade

## Field Trip Projects

Each project is designed for a grade band and tied to Arizona standards. More projects coming soon.

## Why making?

Hands-on Science, Technology, Engineering, Arts, and Math can spark interests students carry into future classes and careers.

Teachers

## Quick Answers

What to know before you bring a class.

### What grades can attend?

Hands-on projects for 2nd–6th grade. 2nd LEGO Paper Building, 3rd Paper Circuits, 4th Laser-Cut Boxes, 5th micro:bit, 6th Puzzle Design.

### How long is a typical trip?

3–4 hours on Tuesdays and Thursdays during the school year.

### How many students can attend?

Projects are designed for groups of 20 or fewer. Larger classes can rotate.

### Are chaperones required?

Yes. We recommend at least one adult per 10 students. Schools provide permission slips, transportation, and supervision.

### What should students bring?

A signed permission slip, a water bottle, and a sack lunch if staying through lunch. We provide all project materials.

### How do I schedule?

Go to [steamspace.vercel.app](https://steamspace.vercel.app), choose a project, then send the Field Trip Interest Form. We follow up to confirm.

“The best moments usually occur when a person's body or mind is stretched to its limits in a voluntary effort to accomplish something difficult and worthwhile.”

Mihaly Csikszentmihalyi
